Summary

Results-oriented software developer with over 2+ years of experience in Java backend application development. Proven track record in the software development industry, Specializing in Java, Spring Boot, Microservices, and MySQL. Budding developer enthusiast in creating seamless applications and websites. Seeking an opportunity to contribute my expertise to dynamic projects and drive technological advancements.

Keys Skills

- Java (J2EE)
- Spring Boot
- Spring MVC
- Spring Data JPA
- Hibernate
- Microservices
- MySQL
- Junit Testing
- PostgreSQL
- Maven
- Git
- GitHub
- RESTful Services
- Rest API
- Docker
- AWS
- Kafka

Experience

Persistent Systems Ltd.

Software Engineer

2021 – till date

Project Details

Sarvatra E-hub (PPI)

Role: Software engineer

- E-hub is a multitenant application where multiple banks can be onboarded for products like BBPS, AEPS, Mini ATM, etc.

Responsibilities:

- **Software Development:** Utilize Java programming language to develop high-quality, efficient, and scalable software solutions according to project requirements. Integrated.
- **Database Management:** Develop and maintain database schemas, queries, and procedures using SQL and ORM frameworks like Hibernate or JPA.
- **Integration and API Development:** Design and implement RESTful Apis. Ensure seamless communication between different components of the software system.
- **Bug Fixing and Troubleshooting:** Identify and debug issues within the software, providing timely resolutions to ensure smooth functioning of the application.
- **Collaboration and Communication:** Collaborate effectively with cross-functional teams including product managers, designers, and QA engineers. Communicate project status, issues, and progress updates in a clear and timely manner.
- **Learning and Skill Development:** Stay updated with the latest developments in Java technologies, frameworks, and best practices. Continuously improve technical skills and knowledge through self-learning and professional development activities.

Education:

Joginpally B.R Engineering College

2017 – 2021

B. Tech in Computer Science and Engineering

D R. Jindal Junior College

2015-2017

MPC

G. Narayanamma High School

2015

Certifications:

- Microsoft Azure AZ-900.
- Completed master spring boot with real-time project Certification.
- Completed Java Backend Certification from Geeks-for-Geeks.
- Graduate Engineer in Multidimensional Skills at Persistent.

Achievements:

- Graduate Engineer in Multidimensional Skills at Persistent.
- High Five Team Award at Persistent Systems.
